## **WHAT TO EXPECT FROM CLOVER**

Clover plans provide benefits designed with your health in mind, different from those offered by Original Medicare. We're here to help you understand your coverage and care. Your Evidence of Coverage (EOC) document is the source of truth for what's covered by your plan.

This Summary of Benefits explains how to learn more about your plan and coverage: Medical (Part C), Supplemental Benefits, and Pharmacy (Part D). Each section contains information about the benefits of your plan, followed by a table summarizing those benefits and their share of cost. If you have additional questions, please contact Clover's Member Services Department at 1-888-657-1207 for further assistance.

### **How to Contact Us**

Clover communicates with members by telephone and mail. We are able to receive communication from members by fax.

We provide free aids and services to people who need additional help to communicate effectively with us, such as:

- Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact Member Services at 1-888-657-1207. TTY users should call 711. Hours are 8am–8pm, local time, 7 days a week. From April 1 through September 30, alternate technologies (for example, voicemail) will be used on the weekends and holidays.

### **Clover Clinical Team**

Our Clinical Team works in your community and is available to visit you in your home, or other place you choose, to address your unique health concerns. Clover's clinical staff offers a personalized approach, and a different kind of health care service than you might receive in your provider's office.

### **Clover Care Visit (CCV)**

To support your health, Clover offers an annual check-in called a Clover Care Visit (CCV). Our care team includes nurse practitioners, medical assistants, and other licensed clinicians. In the comfort of your own home, or other private location of your choice, our team delivers a one-hour one-on-one wellness assessment to help you better understand your medical needs. This may include a physical examination, a review of current and past diagnoses and medications, and an opportunity to address your concerns and questions. To schedule a CCV with one of our staff, please call us at 1-888-778-1478.

## More Clinical Programs

If you find you need more care than you're able to receive with your regular providers, let us know. Clover also makes available additional care beyond what's described here in certain circumstances.

## SUPPLEMENTAL BENEFITS

Clover plans provide all the benefits of Original Medicare, plus access to supplemental benefits that include some of the services and items our members use the most often to stay healthy. These benefits supplement Medicare-covered or diagnostic services for vision, hearing, or dental, so please refer to your plan's EOC for specific services, costs, and prior authorization requirements. See the supplemental benefits you may receive by Clover in the categories below.

### Supplemental Vision

Clover covers one routine eye exam per year and a yearly allowance for glasses frames, lenses, or contact lenses through our vendor, EyeQuest. How much you pay for glasses or contacts depends on the cost of the eyewear you choose.

### Supplemental Hearing

While Original Medicare doesn't cover routine hearing services, most Clover plans do. We believe in treating hearing loss early. Clover works with TruHearing to provide valuable hearing aid services at a low cost. To see if your plan has this benefit and associated cost shares, please refer to those benefits outlined in your EOC or speak to our Member Services Department at 1-888-657-1207.

### Supplemental Dental

Quality dental care is an essential part of your overall health. Clover has partnered with DentaQuest to offer routine dental services. For additional Medicare-covered services treating a dental condition, disease, or injury in a hospital setting, please refer to your EOC.

### Gym

All Clover members receive access to Silver Sneakers gym locations. Silver Sneakers' gyms offer recreational swimming, aerobics, weight management services, nutrition counseling, and individualized fitness programs. To learn more about the program and see gyms in your area, visit [www.silversneakers.com](http://www.silversneakers.com), or call our Member Services Department at 1-888-657-1207.

### Over The Counter

You are eligible for a \$25 allowance for Clover Health Choice Value (PPO) every three months to use towards the purchase of select over-the-counter (OTC) products, available through our mail order service. Orders are limited to one (1) every three months and benefits are available at the beginning of each quarter of the calendar year (January, April, July, and October). ## **PART D BENEFITS**

Your Clover plan includes Medicare Part D prescription drug coverage. Clover's comprehensive formulary lists all brand name and generic drugs that are covered by your plan. We also have relationships with a network of pharmacies. In many cases, you'll save money at an in-network pharmacy.

Our formulary is divided into five tiers. Covered drugs have different cost shares depending on what tier they're assigned to. The grid on the following pages can help you understand your cost share for each medication you take. To estimate your share of cost:

- know what drugs you take
- look them up in the formulary to learn what tier they're assigned to
- use the grid on the following pages to learn your cost share for each tier

All Medicare Part D plans have four phases of coverage described in the grid on the following pages. Your share of the drug cost is different in each phase. If you need any assistance determining your drug costs throughout the year, please call Member Services.

### **100-Day Fills**

Clover's plans cover 100-day fills of common maintenance medications. You can take advantage of this benefit as long as your provider feels that 100-day fills are suitable for your circumstances. You can fill these prescriptions at a preferred retail pharmacy, or by mail order through CVS Caremark Mail Order Pharmacy.

### **Long-Term Care Facilities & other circumstances**

If you reside in a long-term care facility, you pay the same for a 31-day supply as a 30-day supply at a standard retail pharmacy. Please see your Evidence of Coverage document for more information. If the drugs in our formulary don't meet your needs or if you take a drug that isn't covered by our formulary, call our Member Services Department at 1-888-657-1207 to learn more about alternatives. You may be able to take an alternative medication or request a formulary exception. If the share of cost is too high for a drug you need, you can request that Clover cover that drug at a lower tier. For more information about formulary or tier exceptions, refer to your Evidence of Coverage document.

### **State Pharmaceutical Assistance Program (SPAP) Card**

State Pharmaceutical Assistance Programs (SPAPs) are state-run programs that help qualifying low-income seniors or adults with disabilities pay for prescription drugs by covering premiums or copayments. SPAP coverage varies by state, so reach out to your state government office to see whether you're eligible, and to understand the details of your state's coverage. Access the program contact information by state at <https://www.medicareinteractive.org/pdf/SPAP-Chart.pdf>, or call our Member Services Department at 1-888-657-1207 for additional questions.

## Prescription Drug Coverage Stages

Premiums and Benefits	Clover Health Choice Value (PPO)	Clover Health Classic (HMO)
<b>Deductible Stage</b>	During this stage, you pay the full cost of your Tier 2, 3, 4, and 5 drugs. You stay in this stage until you have paid \$415 for your Tier 2, 3, 4, and 5 drugs.	Because there is no deductible for the plan, this payment stage does not apply to you.
<b>Initial Coverage Stage</b> <i>(After you pay your deductible, if applicable)</i>	After you pay your yearly deductible, you pay the copays or coinsurance until your total yearly drug costs reach \$3,820. Total yearly drug costs are the total drug costs paid by both you and Clover Health. You may get your drugs at network retail pharmacies and mail order pharmacies.	You begin in this stage when you fill your first prescription of the year. You pay the copays or coinsurance until your total yearly drug costs reach \$3,820. Total yearly drug costs are the total drug costs paid by both you and Clover Health. You may get your drugs at network retail pharmacies and mail order pharmacies.
<b>Coverage Gap Stage</b> <i>(After the total amount for the prescription drugs you have filled and refilled reaches \$3,820)</i>	<p>Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$3,820. Not everyone will enter the coverage gap.</p> <p><b>Brand name drugs:</b> you pay 25% of the negotiated price and a portion of the dispensing fee. Both the amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs.</p> <p><b>Generic drugs:</b> you pay no more than 37% of the cost, and the plan pays the rest. The amount paid by the plan 63% does not count toward your out-of-pocket costs. Only the amount you pay counts and moves you through the coverage gap. When your total out-of-pocket costs for the year reach \$5,100, your coverage moves into the Catastrophic Stage and you pay less.</p>	<p>Most Medicare drug plans have a coverage gap (also called the “donut hole”).
